# Features

## Colour Touch Panel

5" Colour LCD  
Touchscreen

Navigate intuitively on the colour touchscreen display panel that comes with a vari-angle mechanism for greater viewing flexibility and clarity. Customise the home screen according to your workflow with simple drag and drop feature.

## Single Pass 2-Sided Scan

Single Pass Duplex  
Scan

Maximise scanning efficiency with the 50-sheet single-pass Duplex Auto Document feeder (DADF). Perform 2-sided A4 document scanning in a fraction of the time as the redesigned ADF scans up to 100 ipm (mono) / 80 ipm (colour). With blank page detection done while scanning, blank pages are not processed.

## Auto Duplex Print

Auto Duplex Printing

Do your part for the environment with the automatic duplex printing feature. Print on both sides, even on A5 size media, to reduce paper wastage while reducing the carbon footprint and operational costs.

## PRINT

## PS/PCL

Support Multiple  
Printing  
Environments

In addition to Canon's proprietary UFR II print language, industry standard PCL6 and Adobe® PostScript® 3™ print languages are supported to ensure

## Wireless Printing

## APPLICATION LIBRARY

Application Library

The Application Library helps you work smarter and more efficiently. You can store and print frequently-used forms directly from the device, or distribute your documents

seamless integration with a wide range of business applications.

### Flexible Connectivity

electronically to pre-set destinations with just a tap of the button.

## V<sup>2</sup> COLOUR

### V<sup>2</sup> Colour Profile

Create an impactful business document with beautiful colours that complement the razor-sharp quality text. Canon's V<sup>2</sup> colour technology delivers vivid and vibrant professional looking printout.

### Minimal Maintenance

Enjoy fuss-free and low maintenance operation with Canon All-in-One toner cartridge design. Optional high-yield Cartridge 069H is available for customer with high volume printing, reducing the frequency of replacing the cartridge even further.

### Enhanced Data Security

Safeguard print data against tampering by encrypting communication data with the latest protocol, TLS 1.3. Monitor system integrity during startup with Verify System at Startup.

## Canon Recycled Zero (FSC)

Produced with 100% post-consumer waste, the Recycled White Zero is a CO2 neutral, 100% recycled paper. Its high white colour is achieved using modern production method (Processed Chlorine Free - PCF). The paper offers an environmentally friendly alternative and is suitable for further recycling into new paper.

## Top Colour Zero Paper

Top Colour Zero papers undergo a special surface treatment during manufacture. The high degree of whiteness and satin gloss gives colour prints a distinctly vivid appearance. Excellent running characteristics allow processing from the paper tray of all colour copiers and laser printers making it ideal for business applications.
