Features

Workflow Efficiency

Application Library features a range of customisable shortcuts designed to help automate routine tasks and streamline workflows. The Cloud Apps allow printing from and scanning to various cloud storage destinations, such as Dropbox™ and Google Drive™ easily without the use of PC.

Cost Management

uniFLOW Online Express, a simple cloud-based print management solution tracks print, scan and copy costs, as well as accurately provides print, scan, copy and fax usage reports. The detailed tracking, reporting, and cost analysis offer greater usage and print optimisation.

Holistic Security

TLS encrypted communication, IPsec communication and IEEE 802.1X improve network security, while uniFLOW Online Express deters information leakage with secure user authentication. System verification at startup ensures firmware and applications are free from tampering and malware.
